

Prompt 1:product description

Techniques used:Role+few-shot+constraint

Template:Content should highlight product innovation,sustainability,and the science behind your formulas rather than just doing direct consumer sales.

Goal:requires a blend of market research, careful formulation, and regulatory compliance.

Style References:

Example 1:

Topic:Serum

You want to create an “anti-aging brightening serum”.your key claims will be “reduces dark spots in 4 weeks”and “boosts skin hydration by(35%)”.you will need to back these up with clinical efficacy testing before launch.

Example 2:

Topic:Foundation

It is a versatile cosmetic used to even out skin tone, conceal imperfections, and create a smooth base for other makeup. Thanks to its hydrating, thick texture, it glides on effortlessly and is highly recommended for people with dry or mature skin.

Constraints:

- Maximum 120 words
- Avoid generic statements
- End with a smooth transition

Output:

 Edit

Product: Anti-Aging Brightening Serum

Developed with a clinically optimized blend of Vitamin C, Niacinamide, and Hyaluronic Acid, this anti-aging brightening serum is designed to address uneven skin tone and moisture loss through evidence-based formulation. Clinical efficacy studies support key claims, including a visible reduction in dark spots within 4 weeks and a 35% improvement in skin hydration.

The formula uses responsibly sourced ingredients and recyclable packaging to support sustainability goals while maintaining product performance. Manufactured in compliance with cosmetic safety and regulatory standards, this innovation-driven serum demonstrates how science and sustainability can work together—setting the stage for the next generation of skincare solutions.

Prompt 2:Tone rewriter(Formal to Casual)

Technique used:Role+chain-of-thought+constraints

Template:you are an expert communication coach and professional editor specializing in tone adaption

Task:rewrite the following text from a formal tone in to casual,friendly,and natural conversational tone while preserving the original meaning.

Input text:

Please accept this formal a[plication for the open position within your organization.myextensive professional background aligns directly with the core requirements outlined in the job description.i look forward to discussing how my specific skills can contribute to your team's upcoming [objectives](#).if you share the job title or your industry,i can customize the vocabulary to make your application stand out.

Goal:define your audience, set your conversational constraints, and prime your AI tool to match the exact context.

Example :

Formal:

"we regret to inform you that the aforementioned project meeting is postponed. we will reconvene at a later, unspecified date."

casual:

"hey! Just wanted to let you know we have to push back the project meeting. we'll let you know as soon as we reschedule!"

Constraints:

- Do not change the meaning of the message
- Keep the same level of detail
- Use simple and natural language
- Maintain grammatical correctness.

Output:

 Edit

Hi! I'd like to apply for the open position at your organization. My professional experience closely matches the key requirements listed in the job description, and I'd be excited to discuss how my skills can help your team achieve its upcoming goals. If you share the job title or industry, I can also tailor the wording of my application to make it more relevant and impactful.
